

Chemistry I, First Semester

Week One Check List 2008

Please complete the following by Monday, August 18th:

- ✓ Go to www.LNScience.net, read the information on how to get college credit for this course, and share that with your parents.
- ✓ www.whitechemistry.net
- ✓ Read and print the **course information guide**.
- ✓ Read, print, sign, and **turn in** the **portfolio/notebook agreement**
- ✓ Read, print, sign, and **turn in** the **Lab Safety Agreement**
- ✓ Read and print the first **study guide**.
- ✓ Get a new (or used) 3-ring binder at least 1 inch thick, and begin putting all materials into it, recording each page in the table of contents that you create according to the notebook directions.
- ✓ Make sure that you have a scientific calculator and that you bring it to class each day.
- ✓ Read the calendar (printing optional).
- ✓ Print any other material for the first unit that you see fit.
- ✓ Start the chapter reading and homework on the study guide.
- ✓ Be prepared for a brief notebook check sometime in the second week of school (just to see if you've completed these items).
- ✓ E-mail me with any questions or problems—brianwhite@msdlt.org
- ✓ Call me if you can't e-mail me—375-9359.
